[Published in the *Calcutta Gazette* of the 3rd October, 1935.]

An Act to provide for the development of lands in Bengal and to impose a levy in respect of increased profits resulting from improvement works constructed by the Government.

WHEREAS it is expedient to provide for the development of lands in Bengal and for that purpose to impose a levy in respect of increased profits resulting from improvement works constructed by the Government and to provide further powers in regard to works of improvement;

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act; 5 & 6 Geo. V, c. 61; 6 & 7 Geo. V, c. 37; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Bengal Development Act, 1935.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force on such date as the Local Government may, by notification, appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "agricultural lands" include lands used for the growing of vegetables and the like but does not include fruit gardens, orchards or homestead lands;

(*2*) "canal" means a canal as defined in clause (*1*) of section 3 of the Bengal Irrigation Act, 1876; Ben. Act III of 1876.

(*3*) "Collector" includes any officer specially appointed by the Local Government to perform all or any of the functions of a Collector under this Act;

(*4*) "dead or decayed river" includes any river into which, or along any part of which, water has ceased to flow as freely as it would have flowed if it had not been diverted or obstructed whether owing to natural causes or as a result of interference by man, and includes also any depression which at one time formed part of a river-bed but through which there is no longer any perennial flow of water;

(*5*) "improvement work" means any work of improvement constructed by the Government, before or after the commencement of this Act, or proposed to be constructed by the Government, which the Local Government has, by notification, declared to be an improvement work for the purposes of this Act:

Provided that no road or railway constructed before the commencement of this Act shall be so declared;

(*6*) "notification" means a notification published in the *Calcutta Gazette*;

The Bengal Development Act, 1935.

(*Sections 3—7.*)

(*7*) "notified area" means any area in respect of which the Local Government has, by a notification issued under sub-section (*1*) of section 5, declared its intention to impose an improvement levy, and includes any part of such area ;

(*8*) "period for objection" means a period mentioned in a notification under this Act within which objections or suggestions will be received ;

(*9*) "prescribed" means prescribed by rules made under this Act ; and

(*10*) "rent" and "tenant" have the same meanings as in the Bengal Tenancy Act, 1885. VIII of 1885.

Preliminary notification of intention to impose improvement levy.

3. Whenever, in the opinion of the Local Government, any improvement work has increased or is likely to increase the profits from the produce from any agricultural land, or to increase the outturn of such produce, within any area, the Local Government may, by notification, declare its intention to impose an improvement levy within that area.

Publication of particulars.

4. A notification under section 3 shall state the following particulars—

(*a*) as full a description of the improvement work as, in the opinion of the Local Government, may be practicable ;

(*b*) the object for which such work has been, or is proposed to be, constructed ; and

(*c*) the boundaries of the area within which the Local Government intends to impose the improvement levy.

Abandonment of intention or declaration of intention to impose improvement levy.

5. (*1*) After the expiry of a period for objection to be mentioned in a notification under section 3 the Local Government shall consider the objections and suggestions, if any, received by it and thereafter shall, by notification, declare its intention either wholly to refrain from imposing the improvement levy or to impose the same in the area concerned or in a specified part thereof, whereupon the area in respect of which the Local Government has by such a notification declared its intention to impose the improvement levy shall be deemed, for the purposes of this Act, to be a notified area.

(*2*) The Local Government may, so far as may be in the manner hereinbefore provided, from time to time include in or exclude from any notified area any area which, in the opinion of the Local Government, has benefited or has not benefited, as the case may be, from the improvement work.

Recommendation by the Bengal Legislative Council for imposition of improvement levy.

6. No expenditure shall be incurred for the construction of any improvement work in respect of which the Local Government intends to impose an improvement levy, and no improvement levy shall be imposed in respect of any improvement work, unless the Bengal Legislative Council has, by a resolution, recommended the imposition of an improvement levy in respect of such work :

Provided that nothing in this section shall apply to the Damodar Canal (including the Eden Canal) and the Bakreswar Canal.

Imposition of improvement levy.

7. When the Local Government is satisfied that a notified area has benefited or is likely to benefit from an improvement work it may, by notification, subject to the provisions of section 6, impose the improvement levy in that area from such date as may be specified in the notification.

The Bengal Development Act, 1935.

(*Sections 8—10.*)

Estimate of increased outturn of produce from agricultural land.

8. (*1*) From time to time an officer appointed by the Local Government shall, in accordance with rules made under this Act, and after hearing any objections in the prescribed manner, prepare in respect of land throughout a notified area an estimate of the average increase in the outturn of the produce from agricultural land of any class which, in his opinion, has been or is likely to be made possible by any improvement work, on the assumption that the land has produced and will produce the staple food crop notified under section 39 of the Bengal Tenancy Act, 1885, in respect of that land ; VIII of 1885

Provided that the Local Government may, at its discretion, direct that the estimate be made on the assumption that the land has produced or will produce some other crop or crops.

(*2*) The Board of Revenue shall, by notification, publish such estimate and, after a period for objection to be specified in such notification, shall consider the objections and suggestions, if any, received by it and shall report to the Local Government thereon. Thereafter the Local Government may reject the estimate or may, by notification, accept it with or without modification, whereupon the accuracy of any estimate so accepted shall not be questioned in any Court.

(*3*) Where an estimate has been accepted under sub-section (*2*) in respect of a notified area before the imposition of the improvement levy, such estimate shall, as soon as may be practicable after the expiry of two years from the date of the imposition of the levy, be revised in the manner provided in sub-sections (*1*) and (*2*) for the preparation, publication, and acceptance of an estimate.

Fixing value of increased outturn.

9. The Local Government shall, by notification, fix annually or for such period not exceeding five years as may be specified in the notification the price or prices on the basis of which the value of the average increase in the outturn, as estimated under section 8, from land of any class in a notified area is to be calculated.

Maximum limit and incidence of improvement levy.

10. (*1*) Notwithstanding anything contained in any other Act the improvement levy shall be imposed in respect of agricultural lands within a notified area at such rate or rates as the Local Government, may, by notification, from time to time declare, and different rates may be so declared for classes of land of different descriptions or having different advantages :

Provided that any rate so fixed shall not exceed one-half of the estimated net increase, resulting from the improvement work, in the profits or one-half of the net value of the estimated increase in outturn.

Such improvement levy shall be payable by the occupiers of such lands within the notified area.

Explanation.—In this sub-section the expression "estimated increase in outturn" means the average increase in the outturn of agricultural produce as estimated under section 8.

(*2*) The rate or rates of the improvement levy shall be fixed under sub-section (*1*) for one year or for such period not exceeding five years as may be specified in the notification issued under that sub-section.

(*3*) For the purposes of sub-section (*1*) the net increase in the profits and the net value of the estimated increase in outturn shall be estimated, in accordance with rules made under this Act, on the price or prices fixed under section 9.

The Bengal Development Act, 1935.

(Sections 11, 12.)

(*4*) The Local Government may, by rules made under this Act, declare what persons or classes of persons shall be deemed, for the purposes of sub-section (*1*), to be occupiers of land but no person shall, by such rules, be declared to be an occupier of land unless, otherwise than as a hired labourer, he cultivates such land or (if it is not cultivated) unless he is in direct possession of such land.

(*5*) Notwithstanding anything contained in sub-section (*4*), where a person under the system generally known as "*adhi*," "*barga*" or "*bhag*," cultivates the land of another person on condition of delivering a share of the produce to that person or receiving a share thereof from him, the person whose land is cultivated and the person who cultivates it shall each be deemed, for the purposes of sub-section (*1*), to be an occupier of such land, and each shall be liable to pay a prescribed proportion of the improvement levy imposed in respect of such land, and any contract to the contrary shall, to that extent be void.

(*6*) In the case of any land, the amount of improvement levy realised for any year

(*a*) in respect of the Bakreswar Canal shall not exceed four rupees eight annas per acre ;

(*b*) in respect of the Damodar Canal and the Eden Canal shall not exceed five rupees eight annas per acre :

Provided that in the case of any land which was irrigated from the Eden Canal in any year during the ten years prior to the first day of April, 1935, such amount shall not exceed three rupees eight annas per acre.

Additional improvement levy in certain cases.

11. (*1*) Notwithstanding anything contained in section 10, if in any notified area any unculturable waste, swamp, or sand has, as a result of an improvement work, become culturable land, and such land is thereafter settled with any tenant, the person who settles the land shall be liable to pay, in one sum, an improvement levy of such amount as may be fixed by the Collector, in accordance with rules made under this Act, after considering any objection that may be made in the prescribed manner by such person.

(*2*) The amount fixed under sub-section (*1*) shall not exceed one-half of the difference between—

(*a*) the amount which the Collector estimates to be the usual *salami* for a like area of land, in the vicinity, similar in its description and its advantages to the land as it is at the time of the settlement, and

(*b*) the amount which the Collector estimates to have been the usual *salami* before the commencement of the improvement work, for a like area of land, in the vicinity, similar in its description and its advantages to the land as it was at that time.

Such levy shall be additional to the levy payable under section 10 by the occupier of the land.

Amount of improvement levy after realisation of capital cost and other charges.

12. When in respect of any improvement work—

(*a*) the capital cost of such work, including the cost of any extensions, improvements or modifications of the work,

(*b*) the interest charges on such capital cost,

(*c*) any working loss in any year or years, and

(*d*) the interest on such loss,

as determined by the Local Government, have been recovered in full out of the proceeds of the improvement levy, by such annual allocations as may be prescribed, the amount of the improvement levy to be realised for each year in respect of such work shall thereafter be reduced to such a sum as the Bengal Legislative Council may, by a resolution, recommend :

Provided that in respect of the Damodar, Eden and Bakreswar Canals such sum shall not exceed the amount required to meet the annual cost, as determined by the Local Government, of maintenance and supervision of the improvement work and of collection of the improvement levy.

Explanation.—The term " working loss " means the sum by which the proceeds of the improvement levy in any year or years fall short of the amount necessary to meet—

(*i*) the annual allocations for such year or years in respect of the charges specified in clauses (*a*) and (*b*), and

(*ii*) the cost, as determined by the Local Government, of maintenance and supervision of the improvement work, and of collection of the improvement levy, during such year or years.

Preparation and publication of statements of imposition of improvement levy.

13. The Collector shall, from time to time, prepare and publish in the prescribed form and manner for a notified area or any part thereof a statement showing—

(*ii*) the amount of improvement levy to be paid by each such person, annually or otherwise, in respect of such land.

Notice of demand.

(*2*) If the Collector makes any modification referred to in sub-section (*1*) in the statement he shall serve on the person concerned a revised notice of demand in the prescribed form and manner and containing the prescribed particulars

Supplementary statements.

16. (*1*) The Collector may, from time to time, add to or alter in the prescribed manner any statement republished under sub-section (*1*) of section 15 In such case, the Collector shall publish in the prescribed form and manner a supplementary statement showing any addition or alteration so made, and the provisions of this Act shall apply to such supplementary statement as if it were a statement published under section 13.

(*2*) Where any addition to or alteration in a statement is required as a result of a decision of an appellate or revisional authority, the Collector shall add to or alter the statement accordingly, and it shall not be necessary to publish any supplementary statement in respect thereof under sub-section (*1*).

(*2*) After the issue of a notification under sub-section (*1*) the Collector, if in his opinion the free passage of water through or over any land in such area is necessary for irrigation purposes or for the drainage of land which has been irrigated, may, subject to rules made under this Act, from time to time, issue a general or special order upon persons who have such land in their possession or under their control to modify, in such manner and within such period as may be specified in the order, any artificial obstruction that exists on such land to such free passage, or to show cause against such order.

Explanation.—A dead or decayed river is said to be revived when an increased volume of water is, by any means whatsoever, caused to flow freely into or along any part of such dead or decayed river.

Claims for compensation.

35. Subject to the provisions of section 34, whenever—

(*a*) any damage is caused as a result of the prohibition, removal or modification of an obstruction under section 31 or section 32, or

the person by whom any damage or loss is sustained shall not be entitled to claim any compensation for such damage or loss under any other Act, but such person may, not later than six months after the first occurrence of the injury in respect of which the claim is preferred, prefer to the Collector a claim for compensation.

Determination of amount of compensation.

(*ii*) an increase in the productive powers of the land due to fluvial action ;

(*b*) if a settlement is made of such land with a tenant thereafter, the rate of rent at which such land is settled shall not exceed the average rate of money rent payable, at the time of such settlement, by tenants of a similar class for land of a similar description and with similar advantages in the vicinity, and any rent in excess of such rate shall not be recoverable :

Provided that such average rate may be exceeded on the grounds specified in clause (*b*) or clause (*c*) of section 30 of the Bengal Tenancy Act, 1885, by such amount as would be allowable in a suit for enhancement of rent under the said section if the land had been settled with a tenant at such average rate at the time of the imposition of the levy.

A stipulation in any contract by which a tenant taking settlement of such land agrees to pay any amount in excess of such rent, otherwise than as *salami*, shall not be binding on such tenant to the extent of such excess.

DEPARTMENT OF AGRICULTURE, BENGAL.

Calcutta, the 24th September 1935.

Preliminary Forecast of the Bhadoi Crops of Bengal, 1935-36.

(*Note.*—On an average of the five years ending 1933-34, the area under autumn rice in Bengal has represented some 6·5 per cent. of the total area under rice in British India.)

Character of the season.—At the outset weather was generally favourable for preparatory tillage. In East and parts of North Bengal low land sowings proceeded satisfactorily with the usual soil moisture while high land sowings progressed slowly owing to insufficient rainfall in April and in the early part of May. From the second half of May general rain facilitated sowings especially in West and parts of North Bengal. As a result of the weak monsoon, conditions were not favourable for growth and development especially in West and parts of North Bengal and outturn was reduced in consequence. On the whole, the season was fair for the crops.

Acreage.—The total acreage sown with the different *bhadoi* crops this year is reported to be 6,498,600 acres as against 6,301,100 and 6,311,600 acres, respectively, in the corresponding and final forecasts of last year. Of this, the area under autumn rice is estimated at 5,780,400 acres as against 5,562,900 and 5,571,800 acres, respectively, in the corresponding and final forecasts of last year. The large increase in area under autumn paddy is mainly attributed to intensive propaganda to restrict jute cultivation.

Outturn.—According to District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 74 per cent. of the normal this year as against 73 per cent. both in the corresponding and final forecasts of last year. Autumn rice is estimated to yield an outturn of 74 per cent. of the normal for the province this year as against 72 per cent. both in the corresponding and final forecasts of last year.

K. McLean,

Director of Agriculture, Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 26th September 1935.

Second Forecast of the Sugarcane Crop of Bengal, 1935-36.

(*Note.*—On an average of the five years ending 1933-34, the area under sugarcane in Bengal has represented some 7·2 per cent. of the total area under sugarcane in India.)

Character of the season.—At the planting season weather was generally favourable but drought after germination affected the early period of growth, especially in West and parts of East Bengal. From the second half of May alternate rain and sunshine proved beneficial for growth and development generally. The present prospects are reported to be satisfactory, on the whole.

Area planted.—The total area planted with the crop for the province is reported to be 325,300 acres this year as against 275,900 and 276,200 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the estimates of District Officers, the average outturn of the crop for the province this year works out at 86 per cent. of the normal against 84 and 86 per cent., respectively, in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the cane crop is estimated at 85 per cent. as against a ten years' average of 84·5 per cent. This means that the condition of this year's crop is equal to about 101 per cent. of the ten years' average.

K. McLEAN,

Director of Agriculture, Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 26th September 1935.

First Forecast of the Winter Rice Crop of Bengal, 1935-36.

(*Note.*—On an average of the five years ending 1933-34, the area under winter rice in Bengal has represented some 17·9 per cent. of the total area under rice in India.)

Character of the season.—The weather, at the outset, was generally favourable for preparatory tillage for broadcast paddy. Sowings were also carried on satisfactorily. Rainfall in April and early May, although defective, favoured germination of deep-water paddy. Rainfall from the end of May to June was sufficient for the preparation of lands for winter paddy seedlings and sowings in seedbeds and for the growth of the germinated deep-water paddy. Owing to defective rainfall in July and early August, transplantation of winter paddy progressed slowly in lowland tracts and the operation was delayed in highlands specially in West and North Bengal. Subsequent good rainfall from the end of August onwards, however, facilitated late transplantation generally. As a result of weak monsoon, transplantation has been late this year and the outturn consequently is likely to be affected.

Acreage.—According to the figures returned by the District Officers, the total area under winter rice is 14,779,200 acres as compared with 14,598,500 and 14,760,000 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended, it will be seen that 2 districts report a normal crop of 100 per cent., 16 districts a crop varying from 75 to 95 per cent. and the rest below 75 per cent. of the normal.

According to the above estimates, the provincial outturn works out to 80 per cent. as against 78 and 85 per cent. of the normal estimated in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal (offg.).

DARJEELING, THE 28TH SEPTEMBER 1935.

RESOLUTION—No. 686T.R.

Read—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1934-35.

During the year under report, the weather conditions were on the whole favourable in most districts with a satisfactory effect on the outturn of crops. Some damage to crops was, however, caused by floods in Satkhira and Bagerhat subdivisions of Khulna, in parts of Kushtia and Meherpur subdivisions in Nadia, in Narayanganj subdivision in Dacca and in parts of the districts of Murshidabad, Malda, Rajshahi, Jessore, Mymensingh, Chittagong, Tippera and Noakhali. On the other hand want of rain caused a certain amount of damage to crops in parts of the districts of Burdwan, Midnapore, Rajshahi, Murshidabad and to a greater extent in parts of Birbhum and Bankura producing conditions amounting to agricultural distress. Prompt and adequate measures were, however, taken to meet the situation by opening test relief works and by granting agricultural and land improvement loans and gratuitous relief. The amount of agricultural and land improvement loans distributed during the year in the whole presidency aggregated Rs. 7,97,324.

The material condition of the agricultural population showed some signs of improvement owing to a steady, though not very substantial, rise in the prices of paddy and rice in most of the districts. The price of the essential money crop of the province—jute—also showed definite improvement which may reasonably be attributed in considerable measure to the intensive propaganda for jute restriction undertaken by Government. The improvements noticed were not, however, such as to enable the cultivators to clear off their dues to moneylenders, and they were in many cases unable to pay rents due to their landlords. It is, however, a reassuring feature that there was a steady decrease of fresh borrowing and an increase in repayments during the year under report as compared with the previous year.

In the Chandpur subdivision of Tippera, Debt Conciliation Boards without statutory powers were at work during the year and succeeded in reducing claims of about Rs. 9 lakhs to Rs. 5 lakhs by bringing about purely amicable agreements between creditors and debtors.

2. The current demand of land revenue was Rs. 3,09,43,252 which showed an increase of Rs. 1,51,513 over that of the previous year and collections were 71·64 per cent. of the total and 101·18 per cent. of the current demand. The fact that there were only 1,930 sales as against 30,646 defaults indicated the leniency with which the sale law was administered.

3. In comparison with the previous year, the cost of management of Government estates increased by Rs. 26,903, the percentage of cost on current demand being 8·5 against 8·36 in the previous year. A sum of Rs. 97,419 representing 1 43 per cent. of the current demand was spent on agricultural, sanitary and miscellaneous improvements, while a sum of Rs. 1,23,174 or 1½ per cent. on collections from Government estates, was made over to the district boards of the province for the development of roads and communications in or leading to Government estates.

4. Agricultural demonstrations were carried out in the districts of Jessore, Chittagong, Noakhali, Jalpaiguri, Bogra, Malda and Darjeeling. In Faridpur a sixth batch of Bhadralok youths was, on the completion of their training in the Faridpur Agricultural Farm, allotted lands. In Bakarganj the twenty Bhadralok youths who were reported to have formed a house building society in last year's report, completed their houses at Char Fasson and some lands were settled with them. In Noakhali the scheme of settlement of

land with men of the Bhadralok class was cancelled as they failed to fulfil the conditions of settlement. In Rangpur an area of about 100 acres of agricultural land in Khas Mahal Mahadebpur was settled with nine educated Bhadralok youths.

The number of schools and of pupils attending them in Government estates decreased by 373 and 15,935, respectively, during the year under review.

5. A solid block of twenty-two villages with an area of 178 square miles is covered by the Bakarganj colonisation scheme now in its twenty-eight year. The *Tengagiri* chak with an area of 7,249·01 acres which was mentioned in last year's report as the only area which remained to be colonized has since been constituted into a reserved forest. In the 24-Parganas Sundarbans (colonization of which was in its twentieth year) no new area was taken up for reclamation. The total sum advanced by Government for reclamation in the 24-Parganas and Bakarganj Sundarbans and the total income derived from these areas up to the end of the year under report were Rs. 31,00,135 and Rs. 42,31,892, respectively.

6. The general health of the people in the Bakarganj Sundarbans area was good and crops were fair, but as the price of paddy remained still low there was no material improvement from an economic point of view, many persons remaining heavily indebted to Government and to co-operative societies. In the 24-Parganas Sundarbans the health of the colonists was not good and the outturn of crop was lower in comparison with the previous year owing to want of timely rain.

7. Taking the province as a whole, relations between private landlords and tenants did not show any marked deterioration while in Government estates the relations between the khas mahal tenants and the Government tahsildari establishment continued to be generally satisfactory.

8. Thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the branches of work under the Board.

By order of the Governor in Council,

L. R. FAWCUS.

2. In sub-section (*1*) of section 43 of the Factories Act, 1934, after the word "Chapter" the words ", other than the provisions of clause (*b*) of sub-section (*1*) of section 45 and of the provisos to that sub-section," shall be inserted. XXV of 1934.

STATEMENT OF OBJECTS AND REASONS.

The Factories Act, 1934, prohibits, save in very exceptional circumstances, the employment of women during the night hours; but women managers or supervisors or women employed in confidential capacities may be exempted by rule from this prohibition. The object of the proposed amendment is to remove that power of exemption and to bring the law into line with the International Labour Conventions relating to the employment of women during the night.

The relevant provisions of the Factories Act are given below for the convenience of Members.

D. G. MITCHELL.

Extracts from the Factories Act, 1934 (XXV of 1934).

Section 43 (1).—The Local Government may make rules defining the persons who hold positions of supervision or management or are employed in a confidential position in a factory, and the provisions of this Chapter shall not apply to any person so defined.

Section 45 (1).—The provisions of this Chapter shall, in their application to women workers in factories, be supplemented by the following further restrictions, namely:—

* * * * * *

(*b*) no woman shall be allowed to work in a factory except between 6 a.m. and 7 p.m.:

Provided that the Local Government may, by notification in the local official Gazette, in respect of any class or classes of factories and for the whole year or any part of it, vary the limits laid down in clause (*b*) to any span of thirteen hours between 5 a.m. and 7-30 p.m.:

Provided further that, in respect of any seasonal factory or class of seasonal factories in a specified area, the Local Government may make rules imposing a further restriction by defining the period or periods of the day within which women may be allowed to work, such that the period or periods so defined shall lie within the span fixed by clause (*b*) or under the above proviso and shall not be less than ten hours in the aggregate.

Rule 18C, page 20 of the Manual.—Where the garnishee does not forthwith pay to the Certificate Officer the amount due from him to the certificate-debtor or so much thereof as is sufficient to satisfy the decree and the costs of execution or does not appear and show cause in answer to the notice, the Certificate Officer may order the garnishee to comply with the terms of such notice, and on such order execution may issue as though such order were a certificate against him other than one for arrears of rent.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 2nd September, 1935 :—

L. A. BILL No. 25 OF 1935.

A Bill further to amend the Provincial Insolvency Act, 1920, for a certain purpose.

WHEREAS it is expedient further to amend the Provincial Insolvency Act, 1920, for the purpose hereinafter appearing ; It is hereby enacted as follows :— V of 1920.

Short title.

1. This Act may be called the Provincial Insolvency (Amendment) Act, 1935.

Amendment of section 39, Act V of 1920.

2. In section 39 of the Provincial Insolvency Act, 1920,— V of 1920.

(*a*) the words "the Court shall frame a schedule in accordance with the provisions of section 33," shall be omitted ; and

(*b*) for the words "entered in the said schedule so far as relates to any debts entered therein" the words "so far as relates to any debt due to them from the debtor and provable under this Act" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

There is judicial authority for the proposition that a composition under section 39 of the Provincial Insolvency Act, 1920 (V of 1920), releases the insolvent only from debts entered in the schedule, but not from a debt in respect of which the creditor has not taken part in the insolvency proceedings ; whereas section 30 of the Presidency-towns Insolvency Act, 1909 (III of 1909), releases the insolvent from all debts provable in insolvency. A comparison of section 44 of the former Act and section 45 of the latter Act indicates that the effect of an order of discharge is substantially the same under both Acts and there is no good reason why the effect of a compromise should not similarly be the same. This Bill is designed to assimilate the terms of section 39 of the Provincial Insolvency Act, 1920, to those of section 30 of the Presidency-towns Insolvency Act, 1909.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 2nd September, 1935 :—

L. A. BILL No. 27 OF 1935.

A Bill further to amend the Provincial Small Cause Courts Act, 1887, for a certain purpose.

WHEREAS it is expedient further to amend the Provincial Small Cause Courts Act, 1887, for the purpose hereinafter appearing ; It is hereby enacted as follows :— IX of 1887.

Short title.

1. This Act may be called the Provincial Small Cause Courts (Amendment) Act, 1935.

Amendment of section 17, Act IX of 1887.

2. In the proviso to sub-section (*1*) of section 17 of the Provincial Small Cause Courts Act, 1887, for the words "security to the satisfaction of the Court for the performance of the decree or compliance with the judgment as the Court may direct" the words "such security for the performance of the decree or compliance with the judgment as the Court may, on a previous application made by him in this behalf, have directed" shall be substituted. IX of 1887.

STATEMENT OF OBJECTS AND REASONS.

This Bill is designed to remove certain doubts which have arisen in the interpretation of the proviso to sub-section (*1*) of section 17 of the Provincial Small Cause Courts Act, 1887. As the section stands, an applicant is required to give security to the satisfaction of the Court at the time of presenting his application. It follows that, in order to ascertain what security satisfies the Court, the applicant must already have made an application in that behalf. There is also some doubt whether the words "as the Court may direct" apply to the deposit of the whole decretal amount as well as to the giving of approved security. The Bill is intended to make it clear that the preliminary application to ascertain what security will satisfy the Court must be made and decided before the substantive application for the order to set aside the decree, and that it is always open to the applicant to adopt the alternative course of depositing the total decretal amount.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 2nd September, 1935 :—

L. A. BILL No. 26 OF 1935.

A Bill further to amend the Indian Army Act, 1911, for certain purposes.

WHEREAS it is expedient further to amend the Indian Army Act, 1911, for the purposes hereinafter appearing; It is hereby enacted as follows :— VIII of 1911.

Short title.

1. This Act may be called the Indian Army (Amendment) Act, 1935.

Amendment of section 50, Act VIII of 1911

2. In sub-section (*2*) of section 50 of the Indian Army Act, 1911 (hereinafter referred to as the said Act),— VIII of 1911.

(*a*) for clause (*d*) the following clause shall be substituted, namely :—

" (*d*) all pay and allowances ordered by a court-martial under section 43, or by an officer exercising authority under section 20, to be forfeited ;"; and

(*b*) in clause (*g*) the words and figures " or section 42 " shall be omitted.

Amendment of section 73, Act VIII of 1911.

3. In the proviso to section 73 of the said Act, for the words, brackets, letter and figures " the punishment specified in clause (*h*) of section 43 or " the following shall be substituted, namely :—

" the punishments specified in clauses (*g*), (*gg*) and (*h*) of section 43 or ".

Amendment of section 103A, Act VIII of 1911.

4. After sub-section (*5*) of section 103A of the said Act the following sub-sections shall be inserted, namely :—

(*5A*) Where any person is in custody under sub-section (*3*) or under detention under sub-section (*4*),—

(*a*) if such person is in custody under sub-section (*3*), on the report of a medical officer, or

(*b*) if such person is detained under sub-section (*4*), on a certificate from any of the authorities empowered to grant a certificate under section 473 of the Code of Criminal Procedure, 1898, V of 1898.

that, in the judgment of such officer or authority, such person may be released without danger of his doing injury to himself or to any other person, the Governor General in Council may thereupon order such person to be released, or to be detained in custody, or to be transferred to a public lunatic asylum if he has not been already sent to such an asylum

(*5B*) Where any relative or friend of any person who is in custody under sub-section (*3*) or under detention under sub-section (*4*) desires that he shall be delivered to his care and custody, the Governor General in Council may, upon the application of such relative or friend and on his giving security to the satisfaction of the Governor General in Council that the person delivered shall—

(*a*) be properly taken care of and prevented from doing injury to himself or to any other person, and

(*b*) be produced for the inspection of such officer, and at such times and places, as the Governor General in Council may direct,

order such person to be delivered to such relative or friend."

---

*The Governor General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

Section 50 of the Indian Army Act, 1911 (VIII of 1911), purports to set out all the penal deductions which may be made from the pay and allowances of a person subject to the Act, but sub-section (2) thereof makes no reference to the forfeiture of such pay as corps or working pay which can be awarded as a minor punishment by an officer exercising authority under section 20. It is now proposed to rectify this omission and, at the same time, to omit from the section the reference to suspension from pay which, owing to the deletion of clause (*e*) of section 43 by the Indian Army (Amendment) Act, 1934 (XXXIII of 1934), is no longer a punishment which can be awarded by a court-martial.

2. Opportunity is also being taken to rectify another omission by amending section 73 of the Act so as to empower a district court-martial to award to a warrant officer the sentences of forfeiture of seniority of rank, reprimand and severe reprimand on the analogy of section 182 of the Army Act (44 & 45 Vict. c. 58).

3. Section 103A of the Indian Army Act, empowers the Governor General in Council to order the detention of persons who, when brought to trial by a court-martial, are found to be of unsound mind and therefore incapable of making their defence, or are found to be " guilty but insane " at the time of committing the alleged offence. There is no provision, however, for the release of such persons. The Bill aims at filling this gap and brings the Indian Army Act exactly into line with the Code of Criminal Procedure in this respect.

Dacca, the 26th September 1935.

Second Forecast of the Cotton Crops of Bengal, 1935-36.

(*Note.*—On an average of the five years ending 1933-34, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—At the sowing season the weather was generally favourable for the early crop excepting in the Tripura State where insufficient rain reduced the area. Since then the crop thrived under favourable conditions.

Sowing of late variety commenced in Midnapore under fair conditions.

Area sown.—The area sown with early cotton is reported to be 72,793 acres this year as against 72,903 acres in the corresponding forecast of last year. Of the late crop an area of 500 acres is reported to have been sown this year in Midnapore as against 400 acres reported in the corresponding forecast of last year.

The Budge-Budge and Bauria Electric License, 1935.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to the Calcutta Electric Supply Corporation, Limited, a company registered in England under the English Companies Acts and having its registered office in London, to supply electric energy in the area with the powers and upon the terms and conditions specified below:—

Short title.

1. This license may be cited as "The Budge-Budge and Bauria Electric License, 1935."

Interpretation.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the rules thereunder, meanings are assigned shall have in this license the same respective meanings, provided that in this license:—

(*a*) "The Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof.

(*b*) The expression "the licensees" shall mean and include the said Calcutta Electric Supply Corporation, Limited, and their permitted assigns.

(*c*) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department and by the Agent of the licensees.

(*d*) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

(*e*) Unless otherwise stated, where roads are mentioned as forming the boundary or part of the boundary of any area in this license, the premises, properties or structures abutting upon either side of such roads are deemed to be within the area referred to. Where any part of a boundary is stated to be a railway, the area shall be deemed to include such part of the railway as lies along the boundary referred to. Where any part of the boundary is stated to be a railway station or passing through a railway station, the whole of such railway station premises shall be deemed to be included in the area so that the boundary will be the outer side of the station premises and lands. Where any part of a boundary is stated to be a canal or khal or stream or inlet and where the boundary line is stated to run along the same (but not where the line is stated to run across the same), then such canal, khal, stream or inlet shall be deemed to be included in the area.

(*f*) The term "large consumer" shall mean a consumer who shall agree to take from the licensees and pay for a minimum consumption of 500,000 units of energy per annum.

(*g*) The term "small consumer" shall mean a consumer who shall not so agree.

Area of supply.

3. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as follows:—

Boundaries.

On the north—By the Bengal Nagpur Railway (main) line running north-east and east from Sankrail Railway Station through Andul and Mourigram Railway Stations and by the northern loop line through Santragachi Railway Station and by the Bengal Nagpur Railway Shalimar Branch line to the point where this branch line crosses the western boundary of the area of supply under the Howrah Electric License, 1926 (Amended 1932).

On the east—By the western and southern boundaries of the area of supply under the Howrah Electric License, 1926 (Amended 1932), and by a line running north and south across the River Hooghly, such line being (on the left bank) at the centre of Nimakmahal Ghat Road, and this north and south line being part of the boundary of the area of supply under the Calcutta River License, 1912, and the western and southern boundaries of the area of supply under the Calcutta Electric License, 1907, to the junction of the kal known locally as Kaorapukur and Thakurpukur Kal with Tolly's Nullah and by the south-eastern boundary of Kaorapukur and Thakurpukur Kal to its junction with Charial Canal where it passes under the Kalighat-Falta Railway and Diamond Harbour Road.

On the south—By the Charial Canal, from the last mentioned point of junction, to the point where the Charial Canal crosses the eastern boundary of the Budge-Budge Municipality, thence by the eastern, southern and western boundaries of the Budge-Budge Municipality to the point where the eastern boundary of the Budge-Budge Municipality crosses the Orissa Trunk Road and thence by the Orissa Trunk Road to its end at Achipur Ferry Ghat on the left bank of the River Hooghly and by a straight line across the River Hooghly from the south side of Achipur Ferry Ghat on the left bank to a point on the right bank on the northern side of the exit of the Ulubaria Canal into the River Hooghly and by the northern side of the Ulubaria Canal for a distance of 300 yards or thereabouts to the point where the Canal is joined by an inlet from the Purana Kal and by a straight line across such inlet in a north-westerly direction and for about 300 yards (crossing the Cuttack Road) to the north-west side of the bridge carrying the Bengal Nagpur Railway (main) line over another inlet or creek running into the Purana Kal from the west.

On the west—By the Bengal Nagpur (main) line from such last mentioned bridge and passing through Phuleswar, Chengel, Bauria, Nalpur and Abada Railway Stations in a north-easterly direction up to Sankrail Railway Station aforesaid.

The area of supply specified above is shown coloured red on the deposited map.

Situation of generating station.

4. The generating station from which the supply will be taken is situated outside the area of supply but a transformer station or transformer stations will be constructed within the area of supply.

Purpose of supply and compulsory works.

5. (1) Subject to the provisions of this license and the Act and the rules thereunder, the licensees shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes to—

(*a*) Large consumers.

(*b*) Small consumers.

(2) By way of exception to section 22 of the Act, it is hereby expressly declared:—

(*a*) The licensee shall not be under any obligation to supply energy to any small consumer until the Local Government shall, after enquiry, have decided that the local demand in any sub-area as undermentioned is sufficient to justify the licensees being required to supply small consumers in that sub-area. On any such enquiry the licensees shall be entitled to be heard, and regard shall be had to the question whether high tension mains for large consumers have or have not already been laid down to the sub-area concerned. Where such mains have already been laid down the licensees shall commence supply within six months after receipt of notice in that behalf from the Local Government and for that purpose the licensees shall construct any necessary transformer station within or near such sub-area. Where such mains as aforesaid have not previously been laid down the period of the notice shall be extended to at least twelve months. In the event of supply to small consumers being directed to commence in a sub-area to which no such mains have been laid down, the licensees may at their option construct a temporary generating station in such sub-area instead of laying high tension mains to the sub-area. If it be found necessary for the licensees to apply to Government for compulsory acquisition under any law for the time being in force of any land for such transformer station or temporary generating station abovementioned any notice by the Local Government to commence supply shall run from the date on which possession of the acquired land is given to the licensees. If after notice given the licensees shall be prevented from commencing by reason of earthquake, flood, tempest, fire or act of God, or other cause beyond the control of the licensees, the period of the notice shall be extended accordingly.

(*b*) The area of supply specified in clause 3 above shall be deemed to be divided into such sub-area as may from time to time be ordered by the Local Government or approved by the Local Government on the application of the licensees, and each such sub-area shall for the purposes of section 22 of the Act be deemed to be the "area of supply" referred to in that section, and the provisions of section 23 of the Act regarding undue preference shall apply as if each sub-area were covered by a separate License. Any sub-area may be formed as aforesaid either before or after any requests for supply have been received from intending small consumers. The rates, terms and conditions upon which small consumers may demand supply in each sub-area may at the discretion of the licensees differ from those in other sub-areas but shall be uniform in each sub-area. In deciding the rates, terms and conditions to be applied to each sub-area consideration shall be given to the cost of the licensees' works proximity of the consumers' load to one of the transformer stations and to any other matters which may be considered relevant, but in no case shall the maximum rates set out in this license be exceeded.

Conditions of supply and rates to be charged.

6. Within six months from the date of the formation of a sub-area or sub-areas referred to in clause 6 hereof, the licensees shall submit to the Local Government a statement of terms and conditions which they propose to make to regulate their relations with persons who are or who intend to become consumers within such sub-area or sub-areas.

Nature of supply.

7. The supply to be given under this license shall be alternating current at a frequency of 50 complete cycles per second.

(*a*) For domestic and general purposes other than manufacturing, a medium pressure three phase four wire supply at a pressure of 400 volts between phases and a low pressure of 230 volts between each phase and neutral

(*b*) For manufacturing purposes, up to and including 50 kilowatts connected load by a medium pressure three-phase supply at a pressure of 400 volts between phases.

(*c*) For manufacturing purposes, over 50 kilowatts by a three-phase supply at a pressure of 20,000 volts or 6,000 volts between phases.

The pressures stated above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply.

Provided that the licensees may, from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Limits of rates to be charged in respect of the supply of energy.

8. The rates to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

At the following rates per month—

(*a*) *For lighting purposes*—For any quantity up to 6 units—Rupees 6 only and for each unit over 6 units, annas 8 only.

(*b*) *For purposes other than lighting*—Annas 4 only per unit.

(*c*) In the case of a method of charge approved by the Government in accordance with section 23, sub-sections (*3*) and (*4*) of the Act, the maximum rates shall be such as the Government of Bengal may fix on approving the matter.

Purchase of undertaking.

9. (*a*) The option of purchase given by section 7 of the Act shall be exercisable on the 30th day of November 1980 and at the end of every subsequent period of ten years during the subsistence of this license. The percentage of the value to be determined in accordance with and for the purposes of section 7 of the Act of the lands, buildings, works, materials and plant of the licensees therein mentioned to be added under the said section to such value on account of compulsory purchase shall be 20 per cent.

(*b*) In accordance with section 3, sub-section (*2*), clause (*d*) (*ii*) of the Act, it is hereby declared that all the works within the area of supply described in clause 3 of this license shall, and that the generating station referred in clause 4 of this license to be used in connection with the undertaking shall not, form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

(*c*) After notice shall have been given as prescribed in section 7, sub-section (*4*) of the Act, all extensions and outlays of money debitable to the capital account of the licensees during the last two years of the period of such notice shall be subject to the previous approval of the Local Government.

Exceptions and variations from the schedule to the Act.

10. In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act it is hereby expressly declared that—

(*a*) Clauses I and IV of the Schedule to the Act shall be excepted from incorporation in this license.

(*b*) Clauses V, VI, VII, VIII and XII of the Schedule to the Act shall be deemed to be excepted until the Local Government shall order or decide that the local demand for electrical energy is sufficient to warrant the observance thereof in any sub-area as provided in clause 5 and shall give notice in writing of such decision to the licensees whereupon such clauses V, VI, VII, VIII and XII of the Schedule to the Act shall apply in respect of that sub-area.

(*c*) The following sub-clause shall be substituted for clause X, sub-clause (*2*), namely:—

"Within six months from the date of this license, the licensees shall give notice by public advertisement, in such a manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy supplied to consumers and the rates at which such energy will be supplied. Where the licensees have given such notice they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing or such shorter notice as the Local Government may deem proper of any such change to the Local Government and the local authority concerned and every consumer of energy who is supplied by them."

Securing continuity of supply.

11. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 12 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strikes or lockout of the nature specified in section 15 of the Trade Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensees, then the licensees or some one on their behalf shall give the District Magistrate or to a Magistrate near the licensees' power station or sub-station immediate and full information with regard thereto.

12. If the licensees shall, in the opinion of the Local Government, have failed to give such immediate and full information as is required in clause 11 hereof or if at any time any interruption of the supply shall occur which in the opinion of the Local Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of the Local Government fail to comply with any of the provisions of any of the clauses of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. (6) In the following cases, namely:—

(*b*) when an insured parcel is lost or destroyed or its contents are wholly abstracted;

(*c*) when, by reason of damage attributable to the postal service, the addressee refuses to take delivery of an insured parcel; the sender of such letter, box or parcel, shall be further entitled to a refund of the expenses of transmission, and, when an error on the part of the Post Office gives rise to enquiry as to the disposal of such letter, box or parcel, to a refund of any fee paid on account of such enquiry; but the sender of such letter, box or parcel shall in no case be entitled to a refund of the fee paid for insurance.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 955L. — 2nd November, 1935. — His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE COURT-FEES (BENGAL THIRD AMENDMENT) BILL, 1935.

A

BILL

to amend the Court-fees (Bengal Amendment) Act, 1935.

WHEREAS it is expedient to amend the Court-fees (Bengal Amendment) Act, 1935, in the manner hereinafter appearing ; Ben. Act VII of 1935.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act ; 5 & 6 Geo. V, c. 61 ; 6 & 7 Geo. V, c. 37 ; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Court-fees (Bengal Third Amendment) Act, 1935.

Amendment of section 6 of Bengal Act VII of 1935.

2. In sub-section (*2*) of section 6 of the Court-fees (Bengal Amendment) Act, 1935 (hereinafter referred to as the said Act), in new sub-section (*2*), for the words beginning with "subject to the following conditions" and ending with "fixed by the Court" the following shall be substituted, namely :—

"subject to the condition that the plaint or memorandum of appeal shall be rejected unless the plaintiff or appellant as the case may be, pays to the Court within a time to be fixed by the Court such reasonable sum on account of court-fees as the Court may direct."

Amendment of section 8.

3. In section 8 of the said Act, in sub-section (*1*) of new section 8B, for the words "as soon as may be after the registration of the plaint or memorandum of appeal" the following shall be substituted, namely :—

"on the date fixed for the appearance of the opposite party or as soon as may be thereafter."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to correct an error in section 6 of the Court-fees (Bengal Amendment) Act, 1935. It has been pointed out that a plaint is registered as soon as it is received, irrespective of the fact that it may be subsequently rejected. No penalty is involved therefore in providing in section 6 that the plaint shall not be registered if the reasonable sum referred to therein is not paid ; on the other hand the present provision introduces complication in the settled procedure as to registration. The present requirement as to registration has no practical significance, and it is therefore proposed to delete it. A consequential amendment is made in section 8B. The changes proposed are practically purely verbal, the structure of the Act is not in any way affected.

Member-in-charge.

No. 3767Edn.—1st November 1935.—In exercise of the powers conferred by clause (*r*) of sub-section (*2*) of section 66 of the Bengal (Rural) Primary Education Act, 1930 (Bengal Act VII of 1930), the Government of Bengal (Ministry of Education) are pleased to make the following rules:—

Rules under section 66 (2) (r) *of the Bengal (Rural) Primary Education Act, 1930, regarding the conditions relating to pensions, gratuities and provident or annuity funds of the establishment of the District School Board and teachers in primary schools referred to in clause* (n) *of sub-section* (1) *of section 23 and in clause* Fifthly *of section 38.*

Definitions.

1. In these rules:—

(*a*) "Board" means District School Board formed under the Bengal (Rural) Primary Education Act, 1930;

(*b*) "salary" shall comprise monthly substantive salary or any allowance drawn during leave of any kind and includes acting, charge, personal or deputation allowance, if any, but shall not include local or travelling allowances;

(*c*) "servant" includes every non-pensionable employee holding a substantive appointment under the Board, but for the purpose of participation in the provident fund scheme laid down in rules 2 to 25, excludes the following employees:—

(*i*) teachers in primary schools,

(*ii*) menials and inferior servants of all sorts,

(*iii*) employees below 20 or over 55 years of age:

Note.—Persons once admitted may remain in the scheme till the age of 60.

Provided that persons appointed on probation to substantive appointments or appointed to officiate in an office which is vacant, may, if they are confirmed without interruption, be allowed to join the provident fund with retrospective effect from the date of their joining the service and that the monthly subscription to the fund shall not, in the case of such a servant of the Board, be less than 10 per cent. of his salary till all arrear subscriptions are paid up;

(*d*) "depositor" means a servant on whose behalf a deposit is made under these rules;

(*e*) "interest" means the interest which is paid on a deposit at a post office savings bank under the rules in force for such institution, and includes that allowed on Government and other securities; and

(*f*) "dependant" means any of the following relatives of the deceased depositor to the provident fund, namely, wife, parent, child, minor brother, unmarried sister, and a deceased son's widow and child, and, where no parent of the subscriber is alive, a paternal grand-parent.

Rate and realisation of subscriptions.

2. Every servant shall be required to subscribe at the rate of 6¼ per cent. or one anna in the rupee on his salary to a provident fund of which an account will be opened at the post office savings bank. This deduction shall be made by the Board upon every salary bill presented and the net salary shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. A servant who desires to subscribe during leave must notify his intention beforehand in order to allow his deductions from leave allowances being noted in his leave and pay certificate. In such a case he will not be permitted to discontinue subscribing during leave. A servant who fails to notify his intention to continue to subscribe when proceeding on leave can subsequently pay his subscription in cash.

Prohibition of voluntary deposits.

3. No voluntary deposits from any servant in excess of the amount of subscription permissible under these rules shall be credited to his provident fund.

Subscriptions during leave and suspension.

4. (*a*) Subscriptions during leave of any kind will be optional. They will be calculated on the allowance admissible during leave.

(*b*) A servant on reinstatement after a period of suspension may be allowed the option of subscribing for that period.

(*c*) In the case of a servant who exercises the option of subscribing to the fund during leave without allowances or on reinstatement after a period passed under suspension without allowances, it is left to the discretion of the Board to determine in each case the amount on which subscription should be paid, the general principle to be observed being that subscription should be calculated on half the salary last drawn by the servant before he proceeded on leave without allowances, or was placed under suspension without allowances.

Contribution by the Board to deposit account of each servant.

5. (*a*) It shall be competent to the Board to make contributions to the deposit allowances of each servant, equal to but not exceeding the deduction made from his salary under rule 2, provided that if the total of the contributions shown in the bill on which a remittance is made to the savings bank contains a fraction of an anna, it shall be increased to the next highest anna by an addition to the bill of the difference between this fraction and unity. These provisional increases in the contribution will be shown in the abstract of balances until adjusted at the close of the year (see rules 20 and 21), but they will not appear in the depositor's ledger account.

(*b*) No contribution shall be made by the Board on the subscription paid by the depositor for any period during which he had been on suspension as a penalty for misconduct or other offences.

(*c*) It will be optional with the Board to contribute for an employee while on temporary transfer to service under some other local fund or Government.

Investment.

6. (*1*) The deductions under rule 2 and the contributions under rule 5 (*a*) shall be paid to the post master for credit to the account of the provident fund in the savings bank. The payment of the deduction shall be debited in the accounts to the same head as the salary, and the contributions shall be charged to the service head "Miscellaneous," sub-head "Provident Fund Contribution."

(*2*) The remittances to the savings bank shall, whenever possible, be made between the 1st and 4th of each month in order that interest may accrue for the month of the deposit.

(*3*) Deposits on account of the provident fund of the Board employees may be made under rule 44 (*c*) of the Savings Bank Rules. The usual limitations of the total amount at credit of each account do not apply to such deposits.

(*4*) (*i*) When the investment of any portion of the amount of the balance at the credit of the account is found desirable, the amount shall, on application by the Board, be withdrawn, and the investment shall be made either through the postal authorities or through other agencies as may be deemed convenient by the Board in Government loans, municipal debentures or port trust bonds of Calcutta, Rangoon, Bombay, Madras, or Karachi, or in fixed deposit in the Imperial Bank of India or Reserve Bank of India or in a co-operative bank specially approved for the purpose by the Registrar of Co-operative Societies, provided that in the case of investment in a co-operative bank, at least three-fourths of the subscribers are in favour of such investment.

(*ii*) The interest will be drawn by the post office in the case of investment through postal authorities, or by the Board in the case of investment through other agencies, and credited in the savings bank account.

(*iii*) The actual cost of purchase of such securities or the amount of such fixed deposits shall be added to the balance in the savings bank to obtain the total balance of the provident fund ledger. When such securities are sold or any loss of such fixed deposits is caused by the failure of the bank in which such deposits are made, the net gain or loss shall be added to or deducted from the net excess interest calculated for that year [see rule 21 (*i*)] before apportioning such interest among the depositors as set forth in that rule.

Advances for special purposes.

7. (*1*) No final withdrawal will be allowed until the depositor quits the service or retires from the service of the Board on completion of the age of 55, or dies. But a portion of the total deposit not exceeding three months' pay of a subscriber may, with the sanction of the Board, be allowed to be withdrawn in cases of urgent necessity when the deposit in his ledger account has reached a sum of not less than six months' pay and the pecuniary circumstances of the depositor are such that the indulgence is necessary. The following are cited as examples of occasions on which the grant of advance may be considered :—

(*a*) To pay expenses incurred in connection with the illness of the depositor or of a member of his family.

(*b*) To pay expenses in connection with marriages, funerals or ceremonies which by the religion of the depositor it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

Advances though not confined rigidly to the objects laid down in clauses (*a*) and (*b*) above, will be made with due regard to the principle expressed in clause (*1*) of this rule as illustrated by the foregoing examples.

(*2*) In determining the advance to be sanctioned, regard should be paid to the amount lying at the credit of the depositor. The amount of the advance should be a sum expressed in whole rupees and should be so fixed as to allow of the monthly instalments fixed under rule 8 being also in whole rupees, the advance applied for being raised or reduced, if necessary, to enable the instalments to be so fixed.

(*3*) When an advance has already been granted to a depositor, a subsequent advance shall not be granted to him except for strong reasons to be recorded in writing by the Board until at least twelve months have elapsed since the complete repayment of the last advance taken.

(*4*) Application for any advance shall be signed by the depositor. The Board shall after withdrawing money from the post office savings bank, disburse it to the depositor concerned on acquittance rolls.

(*5*) The Board shall maintain a register in the form prescribed in Appendix B of advances sanctioned by the Board.

(*6*) If in order to pay the advance, it is necessary to sell a portion of the investment either in Government promissory notes, war bonds, or postal cash certificates, etc., the loss, if any, by this sale, should be recovered from the depositor taking the advance.

Recovery of advances.

8. The following procedure for recovery of advances shall be observed:—

(*a*) An advance shall be recovered from a depositor at the discretion of the Board, in not less than twelve instalments or more than twenty-four. A depositor may, however, at his option make repayments subsequently in less than twelve instalments or repay two or more instalments at the same time.

(*b*) Recoveries shall be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery shall be made from a depositor while he is on leave of any kind, except leave on full pay.

(*c*) The instalments shall be paid by compulsory deductions from salary and shall be in addition to the usual subscription.

(*d*) When an advance is repayable in twelve instalments, an additional instalment representing interest, and equivalent to 4 per cent. of the total amount of advance shall be paid in the month following that in which the last instalment is paid. Similarly, two additional instalments representing interest, each equivalent to the 4 per cent. of the total amount of the advance shall be paid when the advance is repayable in more than twelve instalments.

In either case, the instalment of interest, when realised, shall be credited to the account of the depositor himself.

Withdrawal on retirement.

9. (*1*) When a depositor ceases to be a servant of the Board by resignation or retirement or reduction of establishment, the Board shall cause the amount standing at his credit (*i.e.*, deposits and contributions with interest thereon) to be withdrawn and, subject to rule 17, to be handed over to him.

(*2*) If in the opinion of the Board, the withdrawal of interest from the savings bank would unduly trench upon the deposits at credit of the other depositors, the interest shall not be paid at once from the provident fund, but be temporarily advanced from the funds of the Board. The advance shall be adjusted when the difference between the total of the ledger balances and the balance of the provident fund in the pass-book may be withdrawn from the savings bank under rule 21.

Disposal on depositor's death.

10. Each depositor shall as soon after he joins the fund as possible, be called upon by the Board to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found as Appendix A to these rules.

11. An adopted child shall be considered to be a child for the purpose of these rules when, under the personal law of the depositor adoption is legally recognised as conferring the status of a natural child, but in this case only. If doubts arise in an individual case, the Board will take the opinion of the Legal Remembrancer through the District Magistrate and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the depositor's risk and can be challenged at any time.

12. (*1*) A depositor may in his declaration provide for the distribution of a portion only of the amount. Thus the Form of Declaration may mention a specific sum or a specific proportion of the total amount. The disposal of the balance will be governed by rule 14.

(*2*) If minors are nominated in a Form of Declaration, the person or persons to whom sums intended for their benefit are to be paid should be stated in the Form of Declaration.

(*3*) Any Form of Declaration submitted by a depositor is revocable at any time and from time to time. A fresh declaration shall subject to rule 13 be operative only on being received by the Board. On a depositor's marriage or re-marriage, any declaration already submitted by him will forthwith become null and void and unless a revised Form of Declaration is received, the amount of his accumulations will be dealt with under rule 14.

13. In the event of the depositor having a dependant, he is not permitted in his Form of Declaration to leave the amount of his accumulations or any part of it to any one who is not his dependant. Where a Form of Declaration purports to leave money otherwise than to a

depositor's dependant, the Board shall call upon the depositor to state whether he has a dependant and if it is found that he has one, the Form of Declaration shall not be accepted. A depositor who has dependants has absolute discretion regarding the distribution of amount at his credit at the time of his death among those dependants. He may exclude any one or more of them in favour of another or others of them and the manner in which the distribution is to be made among them is also within his absolute discretion.

14. The disposal of the balance at credit of deceased depositor is regulated by section 4 (*1*) of the Provident Fund Act, 1925.

15. The Board will not be bound by, or shall not recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a depositor who dies before retirement.

16. A deposit in the provident fund shall not be liable to attachment under any decree or order of any Civil, Revenue or Criminal Court in respect of any debt or liability incurred by the depositor, and neither the Official Assignee nor any Receiver appointed under the Provincial Insolvency Act, 1920, shall be entitled to or for any claim on, any such deposit.

Withdrawal of contribution and deduction from deposit.

17. If a servant is dismissed or removed or called upon to resign, on account of misconduct or inefficiency, or resigns without due notice, or is made liable for any losses, damages, costs and expenses, which the Board may at any time pay, sustain, or be put to, by reason of any act of embezzlement or default of or by such servant, the Board may, with the sanction of the Director of Public Instruction, withhold all or any part of the contribution allotted to him with the interest accrued thereon, and pay to the servant only the balance to his credit, without such contribution and the interest thereon.

Note.—In this rule the expression "due notice" means—

(*i*) in the case of servants drawing Rs. 80 a month and over, three months; and

(*ii*) in the case of other servants, one month.

18. If a servant is permitted to resign under circumstances other than those mentioned in rule 17 before he has rendered five years' complete service, the Board may, with the sanction of the Director of Public Instruction, withhold a portion of the contribution allotted to him with interest bearing the same ratio to the whole amount so contributed with interest thereon, as the number of years required to complete a service of five years bears to five years.

19. Any contribution and interest thereon withheld from a servant shall be credited to the District Primary Education Fund as an amount coming under section 37 (*1*) (*x*) of the Bengal (Rural) Primary Education Act, 1930.

Provident fund ledger and abstract of balance.

20. (*a*) A provident fund ledger in the following form having a separate page for each depositor's account will be maintained in the Board's office :—

Serial No.————. Name————. Appointment————.

Deposits.							Amount advanced.	Balance after each transaction.	Initial of the President of the Board.	Columns for calculation of interest.			Proportionate amount held in postal cash certificates.	Remarks and note of withdrawal.

(*b*) As soon as any sum remitted to the savings bank under rule 6 is credited by the post master in the pass-book, the portion creditable to each depositor shall be entered in the ledger on the page set apart for his account. When post office five-year cash certificates are

purchased out of the balance in the savings bank, the proportionate share of each depositor shall be fixed and the amount shall be deducted from the amount against his name in column 9 and entered in column 14 of the ledger, until the cash certificate matures or is cashed. The total of column 9 of the ledger will be proved with the total balance of the pass-book monthly by means of an abstract of balances in the following form :—

21. (*1*) Calculation of the interest due on each account shall be made at the rate of 2½ per cent. per annum for each calendar month on the lowest balance at credit of an account between the closing of the fourth day and the end of the month. The yearly interest thus calculated on each account shall be entered in column 16 of the abstract of balances prescribed in rule 20. As soon after the 30th of April as the interest for the previous year is added by the post office to the principal of the fund and the interest on investment through other agencies is drawn by the Board and credited in the savings bank account [see rule 6 (*d*) (*ii*)], the total yearly interest calculated at the aforesaid rate of 2½ per cent. and entered in the depositor's accounts, as shown in column 16 of the said abstract of balances, shall be deducted from the total interest actually received for the year, and this excess interest, together with the gain or loss by the sale of Government securities, if any, during the year [see rule 6 (*d*) (*iii*)] shall be shared by those depositors whose credits in the provident fund exceed Rs. 100 in proportion to their balances on the 31st March; provided that for the purpose of calculating, and crediting to each depositor's account, his share of the excess interest, the total balance at the depositor's credit shall be taken as the nearest hundred. The interest thus calculated shall be added to the principal in column 9 of the depositor's ledger account (see form in rule 20).

(*2*) In the case of the post office five-year cash certificates, the total amount received from the post office shall be apportioned to each depositor, when the cash certificate matures or is cashed, in the proportion fixed at the time of the purchase.

(*3*) If any payment has to be made during the year on a depositor's account the interest calculated monthly at 2½ per cent. on that account shall be added to the principal in column 9 (see form in rule 20) and for his proportionate share in the post office cash certificates, the amount due as calculated from the figures given at the back of the cash certificate shall be added.

(*4*) The provisional increase to contributions under rule 5 shall be withdrawn from the savings bank and credited to the Board as a miscellaneous receipt. If, however, the provisional increase contains a fraction of an anna or if the total provisional increase be less than four annas this fraction or sum shall be left in the savings bank for adjustment at the close of the following year. When the balances have been thus compared and adjusted, the ledger account of the next year shall be opened.

22. A copy of the ledger account signed by the President of the Board shall be given to each depositor after the annual comparison and adjustment of balances. Depositors must satisfy themselves as to the correctness of these accounts, and unless errors in them are brought to the notice of the Board within one month from the date of their receipt, no claim based on such error will be subsequently recognised.

Dead accounts.

23. On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn within a certain period, viz., for balances of Rs. 10 and under, one year, and for balances over Rs. 10 three years, it shall be written off as a dead account, and

repaid only under the orders of the Director of Public Instruction. The fact that the account has been closed will not operate as a bar to the interest being credited to the depositor's account, *i.e.*, the interest accruing until the amount of deposit is withdrawn for payment to the depositor or his heir or under rule 24, will be added to the deposit.

24. When accounts become "Dead" they must be removed from the provident fund ledger and be credited in the cash book as a miscellaneous receipt, the money being drawn out of the savings bank. On an amount being thus written off, it would be entered in a dead account register, in which subsequent repayment shall be noted in order to avoid a double payment.

Procedure.

25. The Board will endeavour to secure from all depositors on their first joining the fund the submission of the Form of Declaration prescribed in rule 10. If a depositor desires to revise his Form of Declaration, he should apply to the Board for the necessary form. Every declaration which is in force shall be carefully recorded in the personal custody of a responsible officer.

Rules regarding payment of gratuities.

26. No pension or annuity shall be granted to any servant of the Board. But teachers of primary schools managed by the Board and servants of the Board including menials and inferior servants whose salary is below Rs. 40 per month, and who have served the Board for at least ten years may, on the termination of their services owing to retirement or discharge with due notice, be granted a gratuity regulated as follows:—

(*a*) After a service under the Board of not less than ten years and not more than twenty years a gratuity not exceeding half month's salary for each completed year of service.

(*b*) After a service under the Board of not less than twenty years up to thirty years, a gratuity not exceeding one month's salary for each completed year of service. The salary for the purpose shall be the average salary calculated upon the last three years of service.

(*c*) The gratuity shall in no case exceed Rs. 900.

(*d*) In calculating the amount of gratuity each completed year of service under the Board shall only be taken into consideration. Period or periods of service under district boards or municipalities shall not be taken into consideration for the purpose of operation of the rules regarding payment of gratuities to servants of the Board.

(a) the procedure to be followed at meetings of the Committee;

(b) the travelling allowances of members of the Committee;

(c) the appointment, promotion and dismissal of officers and servants of the Committee, and the creation and abolition of appointments of such officers and servants;

(d) the grant of pay and leave to such officers and servants; and

(e) any other matter in respect of which bye-laws may be made under this Act or rules made thereunder.

STATEMENT OF OBJECTS AND REASONS.

For some time past the coffee growing interests in South India have been pressing upon the Government of India the desirability of imposing a cess on exports of coffee with a view to providing funds for the improvement and development of the Indian coffee industry. A canvass throughout the coffee growing areas has shown that a preponderating majority of the growers are in favour of this proposal, which also carries with it the support of the Governments of Madras, Coorg, Mysore, Travancore and Cochin. In these circumstances the Government of India have accepted the proposal and have introduced this Bill which seeks to impose on coffee exported from British India a cess at a rate not exceeding Re. 1 per cwt. The proceeds of the cess will constitute a fund which will be administered in the interests of the coffee growing industry by a thoroughly representative committee.

2. In view of the approaching separation of Burma from India, the Government of Burma desire that Burma should be excluded from the scope of the proposed legislation. The Government of India have accepted the views of the Local Government and have excluded that province from the scope of the Bill.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to bring about a desirable change in the present constitution of the Committee of the Durgah Khawaja Sahib, Ajmer (formed under Notification No. 1811-A., dated the 1st June, 1867, of the Honourable the Lieutenant-Governor of the North-Western Provinces under section 7 of Act XX of 1863 and printed at page 786 of the Ajmer Regulations, Volume M to P), by reducing the term of office of the members from life to five years and increasing the number of independent Muslim members in the Committee so as to provide for popular and effective control over the Durgah Hazrat Khwaja Moinud-din Chishti and the Endowments attached thereto, which have hitherto remained almost exclusively in the hands of persons themselves financially interested in the institution as attendants, servants or representatives of the office-holders of the shrine, and further to ensure the proper collection of income, disbursement of expenditure, maintenance and publication of the accounts and observance of discipline in the Durgah.

These changes cannot be brought about except by express legislation.
